CBAM-Registry: Wie beurteilen Sie das Meldeportal der EU?

(Mehrfachnennungen möglich)

CBAM: Wie reagieren Lieferanten?

- Zentral für CBAM: Ausländische Lieferanten müssten echte Emissionsdaten liefern
- Probleme:
 - Berechnung zu komplex, Daten nicht ermittelbar
 - unbekannter Hersteller, Länge der Lieferkette
 - Zahlreiche Sonderfälle: Veredelung, Altwaren, Teilfertigungen, ...

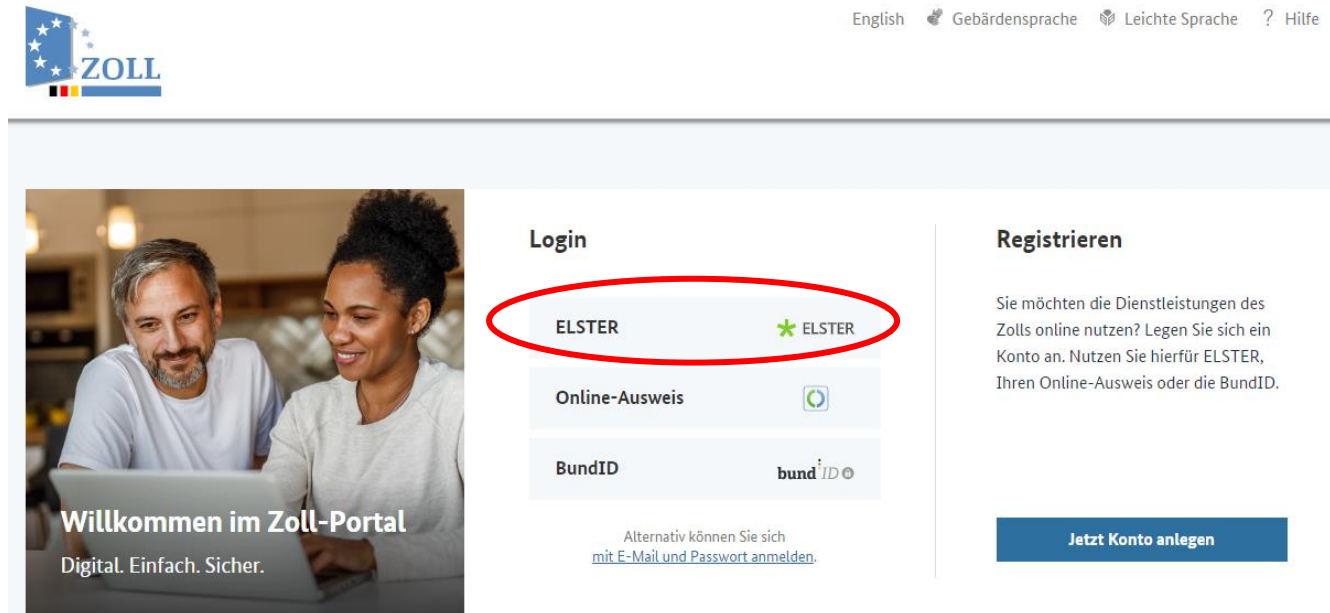

Um die tatsächlichen grauen Emissionen melden zu können, müssen die ausländischen Lieferanten kontaktiert werden. Wie haben diese überwiegend reagiert?
