About APK

The 18th Asia-Pacific Conference of German Business (APK) is the flagship event for business leaders, executives and government representatives. It will take place in New Delhi from 24–26 October 2024 and will welcome several hundred participants from Germany and Asia-Pacific. The conference's objective is to provide a platform to deepen the dialogue on current economic developments in Europe and the Asia-Pacific region as well as to build and strengthen personal and economic ties.

The conference is co-chaired by the APA Chairman, President and CEO of Siemens AG, Roland Busch and the Vice Chancellor and Federal Minister for Economic Affairs and Climate Action, Robert Habeck.

We encourage you to register, secure your hotel accommodation, and book your flights early, as there will be a high demand for the limited tickets. The ticket sale will be open from spring 2024, tickets are exclusively available through our website, www.asiapacificconference.com. The tickets are priced at INR ₹179,000 (ca €2050) plus taxes and bank fees. A selection of nearby hotels can be found on our website, the hotel booking is to be made directly with the hotel.

The APK provides a unique platform for ongoing exchange.

Conference Chairman

Robert Habeck

Vice Chancellor and Federal Minister for Economic Affairs and Climate Action

“India, Germany and all other countries in Asia-Pacific and Europe must move together on a path for industrial development with more resource conservation and climate protection. That requires smart minds and a lot of creativity to develop forward-looking solutions. At the conference, we will be joined by many inspiring people from Asia-Pacific, the EU and Germany.

We will explore how we can shape our industrial future, while improving social inclusion and climate and environmental protection. Join us at the Asia-Pacific Conference of German Business 2024 in India!”

“The Asia-Pacific region is a global powerhouse for cutting-edge technologies and innovation and it offers manifold market opportunities for companies across industries. To mutually utilize this potential and to jointly address global challenges, constant dialogue is key. The APK provides a unique platform for ongoing exchange. It facilitates thought-provoking discussions, for example on industrial excellence or resource conservation by connecting business leaders, policymakers and Think Tanks.

Let’s meet in New Delhi to discuss new ideas towards a sustainable future for our societies.”
